

Meet Professor Dr Mesbahuddin Ahmed, a distinguished Physicist and the Chairman of the Bangladesh Accreditation Council, representing at the Going Global Conference 2023!

With a stellar academic background, including a PhD from the University of Kent at Canterbury, UK, Professor Ahmed's expertise in Condensed Matter Physics is commendable. His post-doctoral studies in Manchester and Cambridge focused on Superconductivity and Spin Glasses.

Professor Ahmed's contributions extend beyond research; he has played a pivotal role in shaping higher education in Bangladesh. From heading the Quality Assurance Unit in the Higher Education Quality Enhancement Project (HEQEP) Project to serving as Vice Chancellor of Jagannath University (2009-2013), his commitment to academic excellence is unparalleled.

We're proud to have him representing Bangladesh at the Going Global Conference 2023 in the UK! Join us in celebrating Professor Dr Mesbahuddin Ahmed's remarkable journey in physics and education leadership!
